M-HERO 917

Redefining Off-Road Performance

The M-Hero 917 is a full-size off-road luxury SUV built for extreme performance and control. It features over 1000 horsepower, a four-motor all-wheel-drive system, and advanced off-road capability. The body is built for strength and utility. The cabin is designed for comfort and technology. It handles rough terrain, deep water, steep slopes, and city roads with the same power and stability. This vehicle combines electric performance, rugged design, and smart features in one solid package.
